

# FOUND FAIR

**Company: FOUND FAIR VENTURES GMBH**

**Position: Senior Full Stack Developer, full-time, Berlin Mitte**

## ABOUT US

Found Fair is a Berlin based company builder with a strong passion for creating innovative tech-startups with a positive impact. We love building great software products and optimizing inefficient ecosystems to change them for the better. We are successful serial entrepreneurs, mostly with engineering backgrounds, who are passionate about using technology to creatively solve meaningful problems. For our ground breaking construction tech project, we're on the lookout for like-minded engineers to join our team as a **Senior Full Stack Developer (m/f/d)** on a full-time basis.

## RESPONSIBILITIES

- Working closely with other teams to create a state-of-the-art product that users will love
- Building an amazing user experience for our construction tech software
- Developing new features using latest technologies (React, GraphQL, TypeScript)
- Making features accessible to an international audience (multiple currencies and i18n)
- Tweaking React components, GraphQL API and database queries for maximum performance
- Being part of an ongoing process to build well structured code and software architectures

## YOUR SOFT SKILLS

- You are a pragmatic problem solver and dedicated team player
- You are not scared of complexity, but welcome challenges instead
- You work independently and adopt new systems and concepts quickly
- You understand business requirements and can translate them into technical requirements
- You have a knack for benchmarking and optimization
- You're fluent in English (German is a plus)

## YOUR TECHNICAL SKILLS

- Strong proficiency in React, TypeScript / GraphQL / PostgreSQL
- Experience with state & data structure libraries (e.g. Relay, Apollo, Immutable.js)
- Experience with AWS Services (Api Gateway, Lambda & RDS)
- Familiarity with newer specifications of EcmaScript
- Knowledge of modern authorization mechanisms, such as JSON Web Token
- Experience with common front-end development tools such as Babel, Webpack, NPM, etc.
- You are not afraid of writing some CSS (flexbox/responsive designs/animations)
- Ideally you already have some experience with Knex / ObjectionJS
- You're passionate about clean code, follow best practices & love keeping yourself up to date

## **WHAT WE HAVE TO OFFER**

- An attractive salary and remuneration package, potentially with share options as well
- A varied and challenging job with room for initiative, independence and responsibility
- Much personal responsibility and development opportunities from the very first day
- Regular team events and a great working atmosphere
- Working in central Berlin in beautifully located offices at Hackescher Markt

**Please note that we're only accepting applications from candidates that are already legally allowed to work in Germany.**

*If you are interested in this position, we'd love to hear from you! Please send your CV to [jobs@foundfair.de](mailto:jobs@foundfair.de). We're very much looking forward to receiving your application!*
